Hi, there! If you’re reading this, your family has decided to visit Chocolate World! Chocolate World is the place filled with Hershey’s chocolate, milkshakes, cookies and more! If you’ve been to Chocolate World before, it’s going to be a little different. I’ll show you how.

1. Everyone who works at Chocolate World will be wearing a face mask to keep you and your family safe. We promise they are smiling underneath their masks!

2. You’ll get to hang out with our DJ and dance to music before you go inside! We will announce when you and your family can go inside.

3. Next, we’ll take your temperature. It’s so fast and simple.

4. Inside, look for our landing pads to help you stay safe. Will you be able to find and read our Hershey fun facts?

5. HAVE FUN!

   Normally we’d want you to use all five senses - see, hear, smell, taste and touch - to explore, but be careful of what you’re touching. That will help keep you and your family safe.
IT'S SWEET TO BE SAFE
